| Cash Flow |  |  |  |

* Includes interest income and expense.

## Cash

- Cash flow is negative primarily due to the estimated $\$ 333 \mathrm{~K}$ to be spent on the kitchen remodel offset by the cash surplus of $\$ 126 \mathrm{~K}$ excluding depreciation.

## Revenue Assumptions

- Property tax revenue increases 5\%
- Rentals and donations are slightly less than FY 2023-2024 to be conservative since the kitchen remodel may reduce the number of renters.

## Labor and Expense Assumptions

- Fundraising: It will cost $\$ 0.15$ to raise $\$ 1$, and fundraising is $3.7 \%$ of total expenses.
- Admin is $27.3 \%$ of total expenses. Our goal is to have Admin less than $20 \%$, but some of this cost is unavoidable due to our desire to have weekday office hours.
- Allocation Methods:
- Beginning this year, we will start tracking expenses by department: Admin, Building, Rentals and Events, and Fundraising. This will help us identify areas of improvement and to set the rental pricing after the kitchen is completed.
- Labor is allocated on an employee basis by the employee's estimated time between the different departments.
- Non-labor is allocated on a square foot and time basis for the amount of time the hall is used for rentals and events.
- Labor:
- The permanent Executive Director will be hired on Aug 1, 2024.
- No new staff are hired.
- No pay raises for employees since all employees either recently received a pay raise or were hired.

## Capital Expenditures (Fixed Asset Purchases)

- The kitchen remodel is expected to start at an approved cost of $\$ 400,000$. The most recent estimate is for a cost of $\$ 348,666$. We will have more precise numbers when we receive the bids.
- The roof needs to be replaced, but this is not included in the budget since it may not happen within this fiscal year. The roof will need to be completed after the kitchen remodel which will most likely happen during the 2024-2025 winter. The District will have to survive at least one more winter with the old roof.

## Risks

- The budget does not include any funds for election expenses which could happen in Nov at a cost of $\$ 200 \mathrm{~K}+$. If the District incurs this cost, we will try to negotiate interest-free 24-month payment terms or as generous terms as possible allowed by the CA Special District regulations.

## Potential Upside Events

- The District does not have to pay for an election because three or fewer people run for the three open seats on the Board of Directors.
